Ultimate Human Life Amendment

We hold these truths to be self-evident, that all persons are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are the Right to Life, that is, the Right to not have one's life taken from them. Therefore, the government of the state of Mississippi shall recognize and defend the God-given Right to Life of all persons equally in accordance with Section 14 of the State Constitution of 1890. The word "person" shall apply to all human beings, regardless of race, color, creed, religion, citizenship, ancestry, national origin, sex, age, health, function, or condition of dependency, at all stages of biological development from fertilization until natural death.

No person shall deprive another person of life by assisting or aiding in their suicide. No person shall deprive an unborn person of life; provided, however, that nothing in this amendment shall prohibit a law allowing justification to be shown for only those medical procedures required to prevent the death of either the pregnant woman or her unborn offspring as long as such law requires every reasonable effort be made to preserve the life of each.

No designated funds are required to implement this amendment.
